

## **GOOD NEWS**

It has been good to hear that some of you have used the slight relaxation in Government guidelines to see family members over the past week, albeit briefly, outside and at distance. Please continue to do things safely.

I watched the live SpaceX flight to the International Space Station over the weekend. My middle son also found a flight simulator online so I could have a go at linking up the Dragon with the Space Station, using a system very similar to the astronauts themselves. It wasn't easy, but I made a reasonable attempt, unlike my youngest son who over shot the Space Station and was floating around in Space. Why don't you give it a go?

**Please, please, please keep the comments coming in for this page. Until we can all see each other in church each week, this is one way we have of keeping in touch. We would love to know what you have you been doing to keep busy, what have you observed over the past weeks, and anything that made you smile.**

An army of sewing volunteers in the community have been working hard sewing cloth face masks to add to mask 'trees' all around Salisbury. We have one in Harnham at 47 Hollows Close, SP2 8JU.

It is self funding by donation to cover the cost of materials and run as a not for profit ventures. Excess donations will be used for local community projects or donated to local charities such as the Parish Hardship Fund and The Stars Appeal.

The masks are out every day between 9am and 7pm and can be selected contact free. Please bear with us as we rely on the local makers to keep it stocked.

You can find out more on our Facebook page <https://www.facebook.com/communitymasktrees> and queries can be sent for the attention of Rhiannon to [communitymasktrees@gmail.com](mailto:communitymasktrees@gmail.com)
