

Sunday 22nd September

Romans 8: 23-25

First fruits of hope. Hope is not merely optimism but action – it is not passive but active. P14/15 Creation Booklet

Mark 4: 30-32

As people of faith, we don't just state our beliefs – we live them out. One belief is that we find purpose and joy in loving our neighbours. Another is that we are charged by our creator with taking good care of his creation. The moral crisis of climate change is an opportunity to find purpose and joy, and to respond to our creator's charge. Reducing the causes of climate change is essential to the life of faith. Most Revd Justin Welby.

Sunday 29th September

Isaiah 40: 11 John 10: 14

Prayer of Saint Francis for Animals

God our Heavenly Father, you created the world to serve humanity's needs and to lead them to you. By our own fault we have lost the beautiful relationship which we once had with all your creation. Help us to see that by restoring our relationship with you we will also restore it with all your creation. Give us the grace to see all animals as gifts from you and to treat them with respect for they are your creation. We pray for all animals who are suffering as a result of our neglect. May the order you originally established be once again restored to the whole world through the merits and mediation of your Son, our Lord Jesus Christ, who lives and reigns with you now and forever. Amen.
